

Credit by Examination

Students who have done extensive study in an area of a required AMBS course may request to earn credit by Credit by Examination. The student will secure the appropriate signatures on the form and pay the stated catalog fee for Credit by Examination. If the examination is failed, no refund is given and a grade of "F" is entered on the permanent record. If the student later registers for the course and earns a passing grade, the former grade of "F" will be replaced.
