

# 2024–25 ANNUAL REPORT

## *Dear friends of AMBS,*

“Thus far the Lord has helped us.” — 1 Samuel 7:12 (NRSVUE)

These words capture the spirit of this past year at AMBS. Looking back, we see milestones that remind us of God’s help and of the steadfast commitment of our community of supporters.

Every number in this report represents a story of transformation: students discerning their callings, faculty guiding discovery, and churches strengthened through new leadership and vision. Together, they tell a larger story of what is possible when learning and faith grow side by side.

This year brought meaningful progress: the largest graduating class in more than a decade, the highest enrollment since 2007, and the completion of the Forming Leaders Together campaign. These achievements reflect not only institutional strength but also renewed energy for the mission we share — to prepare leaders to serve the church, joining in God’s reconciling work in the world.

We continue to expand opportunities for theological education that meet people where they are — through degree programs, continuing education, and partnerships that serve both local and global communities. Behind every initiative is a commitment to form leaders who are spiritually grounded, theologically informed, and prepared to serve with wisdom and compassion.

Our progress this year is a collective accomplishment made possible by prayer, collaboration and generosity. As we look ahead, we do so with gratitude for all who make this mission possible — and with confidence that the God who has helped us thus far will continue to guide and sustain AMBS for the work yet to come.

## Investing in leaders

“My time at AMBS has been a gift. I’m graduating with new tools, resources, leadership abilities and knowledge that will continue to serve me and the church in the years to come. None of this would have been possible without the financial aid and scholarships I received from AMBS. For many years, completing my MDiv did not seem like it would be possible, but AMBS helped me find a valuable path forward.”
